AS PART OF THE 'RETURN TO NATURE: Clare Church Biodiversity Project' the Tidy Towns Team will be continuing with the pollinator mowing regime for 6 weeks on a section of the church grounds to provide a nectar & pollen source for declining pollinators, by allowing wildflowers to grow.

We are very grateful to Fr. Martin, the Parish council, Barry O Loughlin (biodiversity officer CCC) & the RSS team for assisting us with this project. Our grounds produced some magnificent items last year & we even made the Irish Times. See link for full details: -
