THE ISI: Is the independent government body with four debt solutions to help people with all levels of problem debt – from credit cards to mortgages. It regulates debt advisors called Personal Insolvency Practitioners (PIPs). You could be insolvent if:

You can't pay your bills in full when they are due

You're paying a little off each bill trying to keep creditors at bay

You've had calls and letters about missed repayments and threats of repossession.

If you are insolvent and in arrears on your home mortgage you could also be eligible for a free consultation with a PIP under the State-funded Abhaile Scheme. The purpose of that Scheme is to help people in serious arrears to find the best available solutions, with the help of professional advisors. The priority will be to find a sustainable solution that keeps a person in their home, where possible. For more information visit www.backontrack.ie or freetext GETHELP to 50015 for a callback
