LOVING GOD: Who sees in us nothing that you have not given yourself, make my body healthy and agile, my mind sharp and clear, my heart joyful and contented, my soul faithful and loving. And surround me with the company of men and angels who share my devotion to you. Above all, let me live in your presence, for with you all fear is banished, and there is only harmony and peace. Let every day combine the beauty of spring, the brightness of summer, the abundance of autumn, and the repose of winter. And at the end of my life on earth, grant that I may come to see and to know you in the fullness of your glory.
